

Kling (CC268)

Uratic Salt Remover

LABEL INFORMATION

Kling Fast-Acting Penetrating Lubricant

KLING is a USDA authorized acid bowl cleaner, containing 26% Hydrochloric Acid. Use on toilet bowls and urinals made from vitreous china. Blend of acid and emulsifiers removes stains, scale, uric salt buildup, water spots and rust. Deodorizes, leaving bowl clean and fresh.

USE ON

- Water spots
- Rust
- Stains
- Scale
- Uric salt

USE IN

- Restaurants
- Schools
- Hotels/Motels
- Industrial plant
- Factories
- Warehouses
- Hospitals

USE FOR

- Cleaning invisible trap/outlet in urinals

FEATURES & BENEFITS

Heavy duty formula removes the toughest rust, scale, scum, and uric salt buildup | Economical formula

DIRECTIONS

Force water from bowl over the trap with a small bowl mop. Pour 10 ounces of cleaner on a bowl mop or brush held over the bowl and under rim to remove discolorations. Avoid splashing onto floor or other nearby surfaces. Allow to stand for 2 to 3 minutes. For bad discoloration repeat above, and allow to remain on surface for 15 minutes before flushing.

FOR CLEANING INVISIBLE TRAP/OUTLET IN URINALS: Remove the drain plate. Place a bowl mop into drain, pour a 1/2 pint of fluid onto the mop. Allow to remain for 2 to 3 minutes/until reaction is completed then work mop up and down until scale is removed. Flush toilet. Note: Use only in vitreous porcelain toilet bowls and urinals. May damage carpet, marble and terrazzo. Contact with any other surfaces is at user's own risk.

PACKING INFORMATION

Available in
12x1 quarts

SPECIFICATIONS

- Odor: Acrid Fuming
- Form: Liquid
- Appearance: White
- Detergency: Strong
- pH: < 1
- Solubility: 100%
- Viscosity: Thin
- Flash point: N/A
- Evaporation rate: Slow
- Toxicity: 7ppm OSHA TLV
- Storage stability: 1 Year +
- Wetting ability: Excellent
- Specific Gravity: 1.12
- % Volatile by volume: 98%
- Boiling Point: 212°F
